Please Note That We Do Not Use Comparative Prices in This Advertisement

—nor do we as a rule ever mention comparative values. Furniture price comparisons at the present time are almost meaningless. To say that it has been reduced one-third, one-fourth or one-half means nothing—BECAUSE ALL FURNITURE VALUES HAVE COME DOWN. But we believe the bottom has been reached, so we would not advise you to postpone your purchases any longer.

Very Liberal Credit Terms to All

Every customer gets the same consideration—the same courteous treatment and service whether cash or credit is the basis of the sale. Credit customers at the HUB get a long time to pay for their furniture, regardless of the amount involved.
